

NETSUITE CONSULTING

LEVERAGE AND OPTIMIZE THE POWER OF NETSUITE

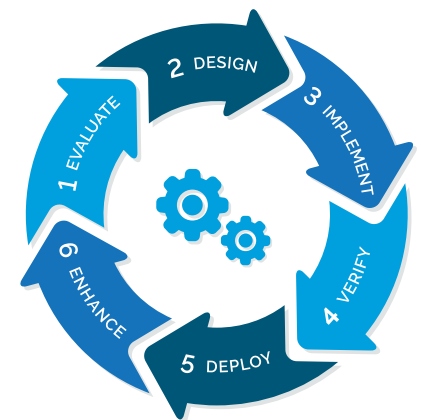

A Texas-based leader in delivering NetSuite solutions, Bridgepoint Consulting helps companies maximize their ERP investment. Whether you are considering the NetSuite

platform, or you are looking to optimize your existing system, our team of functional and technical experts can help you leverage the full power of NetSuite.

WORLD-CLASS TECHNICAL EXPERTISE

Our team is comprised of NetSuite Certified ERP Consultants and NetSuite Certified SuiteCloud Developers that have integration experience with a wide scope of business systems. From end-to-end system implementation services—to configuring advanced integrations with other business-critical applications—we help you obtain real-time visibility into the entire client lifecycle and gain substantial business process automation.

Our Implementation Approach

OUR SERVICES

IMPLEMENTATION SERVICES:

We help you develop the most efficient implementation strategies, including business process automation and data migration, while leveraging native application capabilities. We are also **SuiteSuccess authorized** for clients seeking a rapid deployment.

OPTIMIZATION AND ENHANCEMENT:

We rescue failing implementations and turn them around to meet business requirements. If you are frustrated with your current configuration, or want to optimize your NetSuite environment, we can help.

INTEGRATION BETWEEN NETSUITE & OTHER APPLICATIONS:

We integrate existing business critical applications to NetSuite to leverage your technology infrastructure and gain efficiencies across the business.

OUR EXPERTS CAN HELP YOU

- 8 Gain real-time visibility across the enterprise
- 8 Drive operational efficiencies while leveraging application functionality
- 8 Integrate disparate applications to enable automated data flow
- 8 Acquire and merge new businesses into your existing application environment
- 8 Tackle transformative business initiatives and highly complex requirements
- 8 Streamline and support your multi-entity and international business operations

ABOUT BRIDGEPOINT
